Mr. Schlichter was born in Alsace-Lorraine, in France, before it became a German possession. In 1843 he came to America on a sailing vessel, landing in New Orleans after a most tempestuous voyage extending over two months. DUFFY'S PURE MALT WHISKEY was recommended to me by a friend, who said it saved her life. I had my doubts about it, but thought I would try it. I am now on my fourth bottle, and I must say that it has done me more good than all other medicines, and I tried several. I had a cough, the doctor said my lungs were affected, I had indigestion, backache and headache, and was greatly troubled with painful menstruation. I also had numbness in my limbs. As soon as I began to take your MALT WHISKEY I felt better, until now my cough has left me, my lungs are perfectly sound, I have no more headache or backache, and I don't know what pain is. I can eat anything and it agrees with me. I weigh thirty-eight pounds more than I did when I started to take your WHISKEY a few months ago. I am convinced all my troubles came from impoverished blood and poor circulation. I can't say enough in praise of your excellent WHISKEY. I think it is the greatest medicine on earth. Every woman should know about it. I recommend it to any one who suffers as I did, as I think it is a godsend to women. Please send me your book of Information.
